D. APPORTIONMENT OF DISTRICT 5 ANNUAL SPECIAL LEVY

Commencing with Fiscal Year 2008-2009 and for each following Fiscal Year, the District 5 Board shall apportion the District 5 Annual Special Levy to each Parcel of District 5 Levyable Property in equal percentages so that the District 5 Annual Special Levies equal the Special Levy Requirement in accordance with the following steps:

First: The District 5 Annual Special Levy shall be collected from each Parcel of (i) Permitted Property and (ii) Unpermitted Residential Property in equal percentages up to 100% of the applicable District 5 Maximum Annual Special Levy;

Second: If additional monies are needed to fund the Special Levy Requirement after the first step, the District 5 Annual Special Levy shall be collected from each Parcel of Unplatted Residential Property in equal percentages up to 100% of the applicable District 5 Maximum Annual Special Levy;

Third: If additional monies are needed to fund the Special Levy Requirement after the second step, the District 5 Annual Special Levy shall be collected from each Parcel of Unpermitted Non-Residential Property which is not classified as Common Area Property in equal percentages up to 100% of the applicable District 5 Maximum Annual Special Levy;

Fourth: If additional monies are needed to fund the Special Levy Requirement after the third step, the District 5 Annual Special Levy shall be collected from each Parcel of Unplatted Non-Residential Property which is not classified as Common Area Property in equal percentages up to 100% of the applicable District 5 Maximum Annual Special Levy;

Fifth: If additional monies are needed to fund the Special Levy Requirement after the fourth step, the District 5 Annual Special Levy shall be collected from (i) each Parcel of Unpermitted Mixed Use Property and (ii) each Parcel of Unpermitted Non-Residential Property which is classified as Common Area Property in equal percentages up to 100% of the applicable District 5 Maximum Annual Special Levy; and

Sixth: If additional monies are needed to fund the Special Levy Requirement after the fifth step, the District 5 Annual Special Levy shall be collected from (i) each Parcel of Unplatted Mixed Use Property and (ii) each Parcel of Unplatted Non-Residential Property which is classified as Common Area Property in equal percentages up to 100% of the applicable District 5 Maximum Annual Special Levy.

Equal percentages means the District 5 Annual Special Levy for each Parcel of a given class of property, computed as a percentage of its applicable District 5 Maximum Annual Special Levy, is the same as for all other Parcels of such class of property.

E. MANNER OF COLLECTION

The District 5 Annual Special Levy shall constitute a lien on the property subject thereto which shall have priority co-equal to the lien of general ad valorem property taxes. The District 5 Annual Special Levy will be billed by the County in the same manner and at the same time as general ad valorem property taxes and will appear as a separate item on the property tax bill for taxable property within District 5 as that property is identified on the tax roll on January 1 of each year in which the District 5 Annual Special Levy is in effect. As provided in the Act, District 5 has established foreclosure remedies which shall apply following nonpayment of the District 5 Annual Special Levy, which are referred to in the Notice of Imposition of Special Levy. Under those procedures, the District 5 Annual Special Levy is subject to foreclosure by District 5 beginning six months after written notice of delinquency is provided to the owner of the real property to which the delinquency applies. The lien of the District 5 Annual Special Levy includes delinquencies, penalties and interest thereon at a rate not to exceed the maximum legal rate of interest per year and penalties otherwise applicable.

F. TERM

The District 5 Annual Special Levy shall cease to be levied and collected following the payment of all interest, principal, and premium, if any, for the Bonds secured thereby.

G. EXEMPTIONS

Property exempt from the District 5 Annual Special Levy consists of (i) Association Property, (ii) Public Property, and (iii) Affordable Workforce Housing.

H. PREPAYMENT

An owner of a Parcel intending to prepay the District 5 Maximum Annual Special Levy shall provide the District 5 Board with written notice of intent to prepay and the amount of the District 5 Maximum Annual Special Levy to be prepaid. Within 30 days of receipt of such written notice, the District 5 Board or its designee shall notify such owner of the prepayment amount for such Parcel and the date through which such prepayment shall be valid.

Notwithstanding the foregoing, no Full Prepayment or Partial Prepayment shall be allowed unless the amount of District 5 Maximum Annual Special Levy that may be collected after the proposed prepayment is equal to the sum of the Administrative Expenses and one hundred ten percent (110%) or such other debt service coverage ratio as set forth in the Indenture of the annual debt service on all outstanding Bonds to which such District 5 Adjusted Maximum Annual Special Levies are pledged first.

1. Full Prepayment

"Premium" means an amount equal to the Principal multiplied by the applicable redemption premium, if any, for any Bonds so redeemed with the proceeds of any such prepayment.

"Defeasance" means the amount needed to pay interest on the Principal to be redeemed until the earliest redemption date for the outstanding Bonds less any District 5 Annual Special Levies heretofore paid for such Parcel and available to pay interest on the redemption date for the Bonds.

"Unfunded Improvements" means an amount equal to the quotient used to determine Principal multiplied by the estimated cost of the public improvements to be financed as set forth in the District 5 Supplemental General Plan less the public improvement costs actually financed by the Bonds, with such amount not to be less than zero. Notwithstanding the preceding sentence, Unfunded Improvements shall equal zero following the District 5 Board's determination that all Bonds have been issued.

"Fees" equal the expenses of District 5 associated with the Prepayment as calculated by the District 5 Board or its designee and include, but are not limited to, the following administrative and legal costs: computing the Full Prepayment, amendment of any District 5 Annual Special Levy previously enrolled with the County, redemption of the Bonds, and the costs of recording and publishing any notices to evidence the prepayment of the District 5 Maximum Annual Special Levy and the redemption of Bonds.

"Reserve Fund Credit" shall equal the lesser of (i) the Reserve Fund Requirement (as such term is defined in the Indenture) multiplied by the quotient used to calculate Principal or (ii) an amount determined by subtracting the Reserve Requirement in effect after the redemption of Bonds from the balance in the Reserve Fund (as such term is defined in the Indenture) on the prepayment calculation date, provided that the amount determined is not less than zero.

"Capitalized Interest Credit" shall equal the reduction in interest payable on the Bonds due to the redemption of Principal from the Full Prepayment from the redemption date for the Bonds redeemed from the Full Prepayment to the end of the capitalized interest period, as determined by the Board or its designee. No capitalized interest credit is given if the redemption date for the Bonds redeemed from the Full Prepayment occurs after the capitalized interest period.

The sum of the amounts calculated in the preceding steps shall be paid to District 5 and shall be (a) used to pay interest and principal on Bonds, (b) used to redeem Bonds in accordance with the Indenture, (c) used to pay Fees associated with the Full Prepayment, and (d) deposited in the applicable account held by the Trustee for the construction and/or acquisition of public improvements. Upon the receipt of the Full Prepayment by District 5 and the deposit of such funds with the Trustee, the obligation to pay the District 5 Maximum Annual Special Levy for such Parcel shall be deemed to be permanently satisfied, the District 5 Maximum Annual Special Levy shall not be levied thereafter on such Parcel, and the Administrator shall cause a notice of cancellation of the District 5 Maximum Annual Special Levy for such Parcel to be recorded.

A "Partial Prepayment" means an amount computed pursuant to the preceding Section H.1 by substituting (i) the portion of the District 5 Maximum Annual Special Levy to be prepaid for the term District 5 Maximum Annual Special Levy when computing Principal and Unfunded Improvements and (ii) the term "Partial Prepayment" for the term "Full Prepayment."

I. AMENDMENTS

This Rate and Method of Apportionment of Special Levy may be amended pursuant to and to the extent permitted by the Act. The District 5 Board may make clarifications with respect to this Rate and Method of Apportionment of Special Levy without further notice under the Act and without notice to owners of District 5 Levyable Property in order to (i) clarify or correct minor inconsistencies in the matters set forth herein; (ii) provide for lawful procedures for the collection and enforcement of the District 5 Annual Special Levy so as to ensure the efficient collection of the District 5 Annual Special Levy for the benefit of the owners of the Bonds and District 5, respectively; and/or (iii) to reallocate cost and/or benefit of public infrastructure improvements among Mesa Del Sol Public Improvement Districts 1 through 5 (each a "District" or "PID" and together the "Districts" or "PIDs") due to changes

in land uses and related public infrastructure requirements within PIDs 1 through 5 or any one of them, that are not anticipated at this time. The District 5 Board may reallocate costs and/or benefits pursuant to subpart (iii) of the preceding sentence without further notice under the Act or notice to owners of the District 5 Levyable Property if such reallocation will not increase the District 5 Annual Special Levy, but shall obtain the written consent of the governing board of any of PIDs 1 through 4 and the owners of 100% of the property therein that is subject to a PID special levy if such reallocation will increase the annual special levy within any of PIDs 1 through 4. The District 5 Board may amend this Rate and Method of Apportionment of Special Levy in connection with a Supplemental General Plan without further notice under the Act and without notice to owners of District 5 Levyable Property in order to specify the District 5 Adjusted Maximum Annual Special Levy for any District 5 Levyable Property that is the subject of the Supplemental General Plan.

No amendment to this Rate and Method of Apportionment of Special Levy shall be approved by the District 5 Board if it violates any other agreement binding upon District 5 and unless and until it has (i) found and determined that the amendment is necessary and appropriate and does not materially adversely affect the rights of the owners of the Bonds or the District 5 Board has obtained the consent of one hundred percent (100.00%) of the owners of the Bonds and (ii) received an opinion from bond counsel to the effect that the amendment does not violate the Act, and is authorized pursuant to the terms of the Indenture and this Rate and Method of Apportionment of Special Levy.
