Monthly Indicators

April 2025

U.S. existing-home sales decreased 5.9% month-over-month and 2.4% year-over-year to a seasonally adjusted annual rate of 4.02 million units, according to the National Association of REALTORS® (NAR), as affordability challenges and economic uncertainty weigh on market activity. Sales were down month-over-month in all four regions, with the West experiencing the largest decline, at 9.4%.

New Listings increased 4.8 percent for Single-Family Detached homes but decreased 11.7 percent for Single-Family Attached homes. Pending Sales increased 11.3 percent for Single-Family Detached homes but decreased 12.6 percent for Single-Family Attached homes. Inventory increased 19.2 percent for Single-Family Detached homes and 30.3 percent for Single-Family Attached homes.

Median Sales Price increased 4.3 percent to \$365,000 for Single-Family Detached homes but decreased 7.0 percent to \$265,000 for Single-Family Attached homes. Days on Market increased 25.8 percent for Single-Family Detached homes and 57.9 percent for Single-Family Attached homes. Months Supply of Inventory increased 15.8 percent for Single-Family Detached homes and 33.3 percent for Single-Family Attached homes.

Total housing inventory increased 8.1% month-over-month for a total of 1.33 million units heading into April, equivalent to a 4.0-month supply at the current sales pace, according to NAR. Although inventory is up nearly 20% from the same time last year, the additional supply has had little effect on home prices across much of the country, with the national median existing-home price climbing 2.7% year-over-year to \$403,700 as of last measure.

Housing Affordability Index

This index measures housing affordability for the region. For example, an index of 120 means the median household income is 120% of what is necessary to qualify for the median-priced home under prevailing interest rates. A higher number means greater affordability.

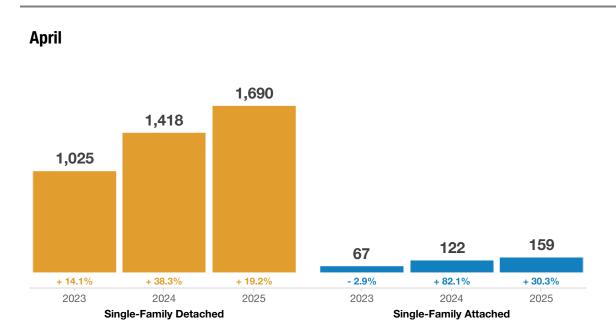

Affordability Index	Single-Family Detached	Year-Over-Year Change	Single-Family Attached	Year-Over-Year Change
