vs.

iBox BT LE (new lockbox)

- Uses Bluetooth® technology.
- No additional hardware required if using eKEY.
- Long-life lithium batteries that never need replacing.

Price (per box).....**FREE!**

FAQs

Do I have to drop off the lockbox after every close?

NO. We understand your time is valuable. During the implementation of the new program, you will receive more than enough boxes to cover your active and pending listings.

Once a year, the Association will have a 30-day “True Up” period. That means we need you to return any boxes that you aren’t using and haven’t used for the past 6 – 12 months. This ensures that the boxes get back into circulation to ensure all the active and pending listings in our market get a box.

On the other hand, if you need more lockboxes at any time, simply come to the REALTOR® Building and sign them out.

What does “lockboxes are leased and maintained by GAAR” mean exactly?

The boxes that will be provided to you are leased under a new agreement between GAAR and Supra. GAAR is responsible for the lease and will provide you lockboxes to use on every one of your listings – at no additional cost. That means you don’t have to buy boxes!

However, under the terms with Supra, GAAR must account for every lockbox. The boxes are the property of GAAR and may not be traded, gifted or otherwise disposed of. When you are finished using them, you must return them to GAAR or pay a fee.
